💼 PROFESSIONAL EXPERIENCE

Fullness Web Solutions, Full-Stack Developer 🔗   06/2022 – present | Remote

RateCity Client:

- **Hubspot to MoEngage Migration:**
  - Increased **Cost Savings** & Implemented advanced features within MoEngage to **boost user engagement** & ensure **scalability** for a growing user base of **60,000+ users**.
  - **Developed & Integrated APIs** for smooth integration of MoEngage with RateCity's user journeys, resulting in a more manageable and extensible codebase.
- **Optimized Core Web Vitals**
  - Improved page stability (**CLS down from 431 to 27**) and a significant improvement in user experience.
  - Improved product page load time (**LCP**) from **6 seconds to 1.2 seconds**, leading to a 10% increase in conversion rate.
- **Strengthened Security Measures:**
  - **Upgraded** authentication protocols and **packages** to fortify system resilience against potential threats.
  - Implemented **HTTP security headers** and **secure session handling** to fortify data protection.
- **Migrated frontend codebase to Next.js 14** with **Tailwind CSS** and **TypeScript**, leading to faster **page load times** using server components, and improved **development efficiency** by optimizing code quality.
- Developed & Optimized **Cypress** end-to-end test cases including refactoring and ensuring robust automated testing.

Internal Project: For Upsyz, developed pixel perfect **job seeker and employer dashboards** using **RemixJS** & utilized **KeystoneJS** for database management and backend operations.

🎓 EDUCATION

8.9 CGPA | M.TECH (CAD/CAM - Mechanical) | Parul University   2020 | Vadodara, India

🧠 SKILLS

HTML | CSS3 | JavaScript | ReactJS | NextJS | RemixJS | Tailwind CSS | Styled Components | TypeScript | ExpressJS | NodeJS | KeystoneJS | Graphql | Docker | Cypress | PostgreSQL | MongoDB | Elastic Search
